Manufacturing and Distributing Optical Supplies Since 1996

Dynamic Labs has been serving the optical community for over 20 years. Our goal of being a service minded vendor has helped us to grow along with our customers. We offer one-on-one, personalized service that enables us to learn how to best serve your business. We make it our goal to understand your business and help you be more productive and profitable.

We are not just a distributor. We are an independently American owned manufacturer. We manufacture most of our core products in our New York facility, a few miles from where we grew up. Many of our best selling items were developed in direct response to the specific needs and desires of our customers.

Dynamic labs has grown to be a true full service supplier to independent retail stores, retails chains and wholesale labs. This enables our customers to consolidate their purchasing with one representative at one company; who can work directly with them to be more profitable and productive.

Some of our core product lines are:

Purity® and Ultra Vue® Lens Cleaners and Cloths – Many of these lines are certified by Colts Laboratories and can be personalized for you. When you personalize products it is your name on them, so it is important to us to make sure that they are the finest quality available.

HD Silicone® Nosepads – Our line of dispensary items are anchored by our HD silicone nose pads. These pads are made from our proprietary high density silicone which makes them more resistant to discoloration but remains soft and comfortable.

ProGRIP® Combo Blocking Pad – As lens coatings and materials have become more difficult to edge over the years, we have developed a variety of different blocking pads to solve a myriad of edging problems. The **ProGRIP combo pad** combines the award winning **DynaGrip Xtreme® Anti-Slip Disc** with a blocking pad to make the ultimate “One Step Solution”. This pad not only eliminates slipping but greatly reduces twisting as well.

ZEISS Brand and Eclipse Sunglass Lenses – Throughout the years, optical practices have often asked us for new concepts and products that can add revenue to their existing shop. Dynamic Labs has pioneered the concept of expanding an optical practice by becoming a custom sunglass store as well. The results have been extraordinary!

Surfacing Pads and Supplies – Conventional and Digital surfacing is as much an art as it is a science. Let us work with you to come up with the proper solutions to your surfacing needs.

In this catalog we have greatly expanded our offering. We have added hundreds of new items to our line. Please take the time and look through this expanded catalog and let us know what you think.

We look forward to hearing from you.

How to Order Clip-Ons

- Choose your shape from the 20 rimmed frame styles or 8 rimless frame styles displayed on page 35. Determine horizontal (A) and vertical (B) measure.
- Then select frame color from the 4 frame samples shown at the top of page 36.
- Finally, choose lens color from the dozen examples to the right of the same page.

RIM STYLE "36"
for traditional rimmed clip-ons

RIM STYLE "37"
for new rimless clip-ons

Example:

| | | | | | |

DuraVision® BlueProtect

Indoor Solution for Blue Light

How DuraVision BlueProtect works:

ZEISS DuraVision® BlueProtect reflects part of the blueviolet light coming from digital sources, preventing the light from entering the eye. DuraVision also works as an anti-reflective coating. This ZEISS coating reduces the transmission in the spectrum of 380–455 (blue light hazard range) while keeping the high transmission level above 460 nm.

- Since it is applied on clear lenses, the lens is coated by default with the DuraVision Anti-Reflective coating on the backside to guarantee optimal clarity.
- ZEISS coatings blocking part of the blue light spectrum display a blue-violet residual reflection color.
- Easy to clean and water repellent properties.
- Superior scratch resistance and hardness.

Blue-Violet light is partially reflected by ZEISS DuraVision® BlueProtect

The Right Blocking Pad For The Right Job!

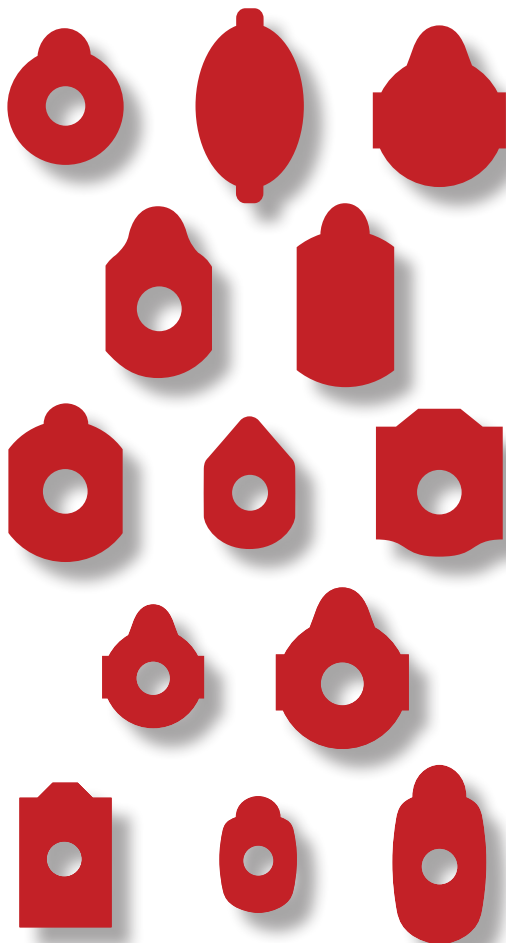

Tri-Part Pads

A Classic High Performance Pad Works Equally Well on AR Coated and Uncoated Lenses

We added a separate anti-twist film between two layers of adhesive to make the pad firmer thus resisting the high torque forces that can cause pads to twist. The Tri-part construction was designed specifically to prevent both slipping and twisting.

All BigRed™ pads start with: **7020**
NOTE: Style 22 NOT available.

SecurEdge™ Plus Pads

A Blocking Pad Designed Exclusively for Super Hydrophobic AR Lenses

A Dual adhesive system has the strongest adhesive available on the lens side with an easy release adhesive on the block side. This super strong adhesive is designed specifically for AR coated lenses. (It might prove more difficult to remove from non AR coated lenses).

All SecurEdge™ Plus pads start with: **7024**
NOTE: Styles 19, 35, 34, 38, 39 and 40 NOT available.

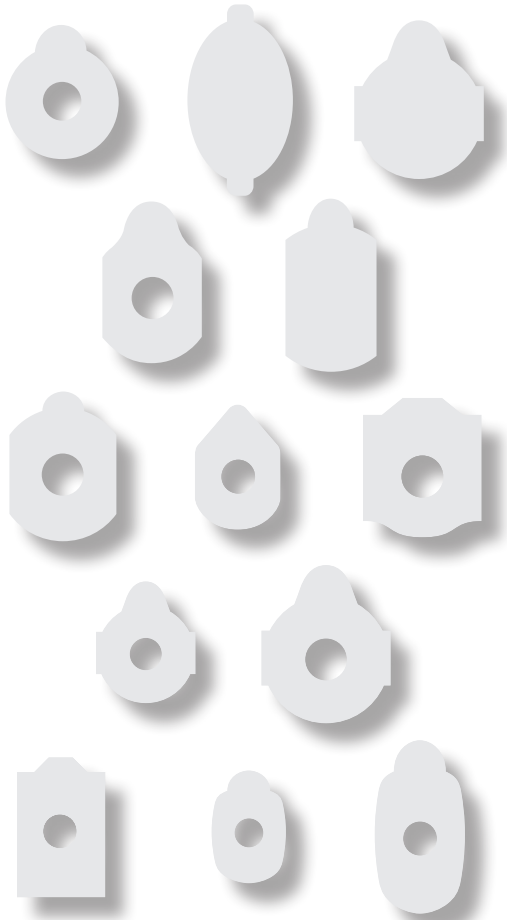

NEW PRODUCT

ProGRIP2™ Combo Pads

The First Combo Blocking Pad
With a Built-In Anti-Slip Disc!

As lens coatings and materials have become more difficult to edge over the years, we have developed a variety of different blocking pads to solve a myriad of edging problems. The ProGRIP combo pad combines the award winning DynaGrip Xtreme® Anti-Slip Disc with a blocking pad to make the ultimate "One Step Solution". This pad not only eliminates slipping but greatly reduces twisting as well. Holds better than any blocking pad and still releases easily with no adhesive residue. With a quick one step process, it is the easiest and safest way to edge your most expensive lenses.

ProGRIP2™ discs start with: **7020**

Edging Wheels

All Edger Wheels Are Sold As Final Sale and Are Non-Returnable

Standard Roughing Wheel

Our high quality standard roughing wheels are designed to outlast and outperform those provided by the OEM, at a fraction of the cost. Our diamond wheels are available for glass, plastic, polycarbonate, and Hi index lenses.

Trivex Roughing Wheel

Our new Trivex roughing wheel is specifically designed to control the high heat often generated while edging Trivex material. This slotted wheel will reduce the surface temperature of both the wheel and the lens. This allows you to cut Trivex material quickly and efficiently. Whether you're in a production lab or small office, this is the best way to cut Trivex lenses.

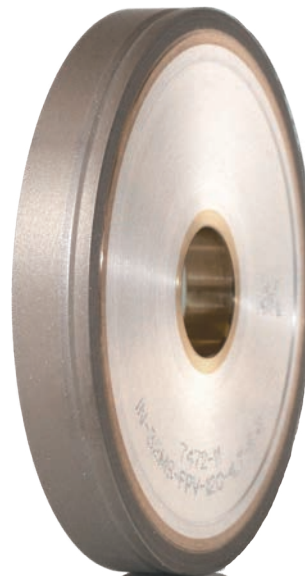

Finishing Wheel

Our finishing wheels are manufactured to provide you with the finest quality product at a fraction of the cost of those offered by the OEM.

Polishing Wheel

Our polishing wheels provide you with the high luster shine. Our finishing and polishing wheels are available as a set.

How do you know when it is time to change the wheels on your edger?

For roughing wheels, watch for these symptoms: Wheel is not cutting or is working slower, has axis problems, or lens slippage. If you have used the same blocking pad for years with good result, and no other conditions in your edging process have changed, it may be time for new edger wheels. You can NOT use dressing sticks on your roughing wheels.

For finishing and polishing wheels – if it is taking too long, or the bevel looks more like a “U” instead of a “V”, you can try dressing it with a dressing stick for finishing wheels. The more it is used, the deeper the U area and eventually there is no diamond bond left. It's time to change the wheel.

Dynamic Dyes

Dynamic Dyes Are Long Lasting and Stay True to Color

Many of our accounts have told us that our brown and black dyes are the best they have ever used. Dynamic Dyes have the longest color retention, losing only a minimal amount of tint over long periods of time

- Our dyes absorb quickly and evenly
- Available in 4 oz. concentrated liquid or powder formula (Each makes 1 quart.)
- Please dilute with distilled water

Are You Missing Out On Potential Sales?

Grow Your Sales With Profitable Accessories

A great way to grow your sales is by offering profitable accessories when dispensing your customers their new eyewear. The time of dispense is often a missed sales opportunity.

Many of our customers enjoy robust accessories sales, while dispensing eyewear. Customers will present a fit over, or a sun clip that compliments the selected frame or offer the perfect chain or a premade reader to the progressive wearer.

Our most successful resellers present these products while dispensing. They sell their accessories, they never dust them.

Ask you knowledgeable Dynamic Labs sales consultant, to help you grow your profitable product line.

TERMS AND CONDITIONS

The following terms and conditions apply to all services and to all merchandise (referred to as the "Goods") purchased from Dynamic Laboratories, Inc. ("Seller"). The party purchasing the services or Goods from Seller is referred to as the "Buyer."

1. **PRICE.** All prices in this catalogue are listed in U.S. Dollars (\$USD). The Goods and any other items or services provided by Seller shall be sold and Invoiced at Seller's prices and charges in effect at the time of each shipment of Goods. Seller reserves the right to change without notice the published list prices referenced in this catalogue, on any sales order, or on Seller's website. Such prices do not include sales, excise, use or other taxes (other than taxes based on income) now in effect or hereafter levied by reason of this transaction. Buyer shall pay all such taxes.

2. **PAYMENT TERMS.** Seller, at its sole and absolute discretion, may elect to extend, limit or revoke credit terms to Buyer. Where credit is extended by Seller, payment terms are [net 30] days from the date of the invoice. Seller reserves the right to require alternative payment terms and shall not be obligated to extend credit to any Buyer. Buyer shall be liable for the price of all products substantially conforming to the contract, notwithstanding that Buyer may not have accepted, or may have revoked acceptance of same. Buyer shall be deemed to have accepted the accuracy and content of all invoices unless Buyer notifies Seller, in writing, of any discrepancies on or before the due date.

3. **LATE PAYMENTS.** If payment is not received by the due date, a service charge will be added at the rate of 1 1/2 percent per month (18% per year) or the maximum legal rate, whichever is less, to unpaid Invoices from the due date thereof.

4. **MULTIPLE SHIPMENTS.** Seller may make delivery in installments and may render a separate invoice for each installment, which invoice shall be paid when due, without regard to subsequent deliveries. Each installment shall be deemed a separate sale. Delay in delivery of any installment shall not relieve Buyer of its obligation to accept delivery of remaining installments. Any delivery not in dispute shall be paid for on the due date, as provided in this contract, without offset, defense or counterclaim and regardless of controversies relating to other delivery or undelivered products.

5. **ACCEPTANCE.** Buyer agrees to accept any tender of the Goods by Seller which substantially conforms to the description of the Goods set forth herein, or in and sales order or contract. Buyer shall be deemed to have accepted any Goods and Buyer's right to cancel, reject or claim any damages for breach of warranty or breach of Seller's obligations in connection with the sale of the Goods shall terminate unless Buyer gives Seller notice in writing of Seller's breach in the case of defects discoverable through inspection, 30 (thirty) days after delivery of the Goods or in the case of defects not discoverable through inspection, 30 (thirty) days after invoice date. Acceptance of any non-conforming Goods shall constitute a waiver by Buyer of specification requirements for said Goods. Buyer's acceptance of Goods tendered under this contract shall be final and irrevocable.

6. **DELIVERY.** Delivery of the Goods shall be F.O.B. Seller's shipping point. Seller shall make reasonable efforts to ship Goods and perform services in a timely manner. Seller, however, shall not be responsible for the delay in any shipment or delivery of Goods or services which are not within the control of Seller. **IN NO EVENT SHALL SELLER, IN THE EVENT OF DELAYS, NONPERFORMANCE, OR OTHERWISE, BE LIABLE TO BUYER OR ANY THIRD PARTIES FOR ANY CONSEQUENTIAL, SPECIAL, OR CONTINGENT DAMAGES.** In the event of any delay or failure of performance, Seller shall have such additional time to perform its obligations hereunder as may reasonably be necessary under the circumstances. If Seller is unable to perform this contract in whole or in part, then to the extent that it is unable to perform, any contract for Goods or services shall be deemed terminated without liability to either party, but shall remain in effect as to any unaffected portion of the contract.

7. **LIMITATION OF SELLER'S LIABILITY.** If Buyer timely notifies Seller in writing of a claimed defect in accordance with the terms set forth herein, Buyer shall concurrently offer Seller the opportunity to investigate the claim and to inspect allegedly defective Goods. If Seller determines that Buyer's claim is valid, Seller may repair the defective Goods or replace the defective Goods with conforming Goods. Failure to offer Seller opportunity to inspect the Goods shall constitute acceptance by Buyer and waiver of all claims for defects. **SELLER'S LIABILITY FOR DAMAGES ON ACCOUNT OF A CLAIMED DEFECT IN ANY PRODUCT DELIVERED BY SELLER SHALL IN NO EVENT EXCEED THE PURCHASE PRICE OF THE PRODUCT ON WHICH THE CLAIM IS BASED.** Replacement of defective Goods or at Seller's discretion, repayment of the purchase price for any such Goods will be made only upon return of the defective Goods. Specifically and without limiting the generality of the foregoing, **SELLER SHALL NOT BE RESPONSIBLE OR LIABLE TO BUYER OR TO ANY THIRD PARTY FOR ANY LOST PROFITS, OR INCIDENTAL,**

CONSEQUENTIAL, INDIRECT, SPECIAL OR CONTINGENT DAMAGES FOR ANY BREACH OF WARRANTY OR OTHER BREACH OF SELLER'S OBLIGATIONS UNDER THIS OR ANY CONTRACT FOR THE SALE OF GOODS OR SERVICES. SELLER SHALL NOT BE LIABLE FOR DAMAGES RELATING TO ANY INSTRUMENT, EQUIPMENT, OR APPARATUS WITH WHICH THE PRODUCT SOLD UNDER THIS CONTRACT IS USED.

8. **SELLER'S REMEDIES.** If Buyer fails, with or without cause, to furnish Seller with specifications and/or instructions for, or refuses to accept deliveries of any products sold under this contract, or is otherwise in default under or repudiates this contract or any other contract with Seller, or fails to pay when due any invoice under due to Seller, then in addition to any and all remedies allowed by law, Seller without notice may defer shipment under this or any other contract between Buyer and Seller until such default, breach or repudiation is removed and/or (c) may cancel any undelivered portion of this and/or any other contract in whole or in part (Buyer remaining liable for damages).

9. **SPECIFICATIONS AND MODELS.** Any description of the Goods contained in any sales order or contract, or any sample or model used or referred to shall be for the sole purpose of identifying the Goods, and any such description shall not constitute a warranty that the Goods conform thereto.

10. **DISCLAIMER OF WARRANTY.** SELLER SPECIFICALLY EXCLUDES ALL EXPRESS AND IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION ANY WARRANTY THAT THE GOODS SOLD UNDER THIS AGREEMENT ARE MERCHANTABILITY OR ARE FIT FOR ANY PARTICULAR PURPOSE.

11. **NO ADDITIONAL TERMS.** Agents and salesmen of Seller have no authority to make any representations not included herein or to alter any of the terms or conditions contained herein, or to accept any terms not contained herein. Seller hereby rejects any different or additional terms proposed by Buyer or included in Buyer's purchase order or any other document, none of which shall be effective unless set forth in a writing signed by the President or Vice President of Seller.

12. **NO ORAL MODIFICATIONS.** The foregoing terms and conditions may not be modified orally or by the conduct of any party.

13. **JURISDICTION AND GOVERNING LAW.** This agreement, and all sales of Goods or services by Seller to Buyer shall be governed by and construed in accordance with the internal laws of the State of New York, without regard to choice of law or conflicts of law principles. Buyer hereby agrees to submit to the exclusive personal jurisdiction of the Courts of the State of New York in connection with any dispute arising out of this agreement or the sales or services provided by Seller to Buyer, with venue of any such action in the appropriate state or federal courts situated in either Nassau or Suffolk County.

14. **SEVERABILITY.** In the event that any provision of the foregoing terms and conditions is found to be illegal or unenforceable by any court or tribunal of competent jurisdiction, that provision or term shall be stricken entirely by such court or tribunal and the remainder of this agreement between Buyer and Seller shall remain binding on the parties.

15. **NO WAIVER.** If Seller fails to, or elects not to enforce any right or remedy to which it may be entitled hereunder or by law, such right or remedy shall not be waived, nor shall such non-action be construed to confer a waiver as to any continued or future acts, nor shall any other right or remedy be waived as a result thereof.

16. **ATTORNEYS' FEES.** In addition to all other remedies and damages available, in the event of any litigation arising out of Buyer's failure to pay any amount due hereunder, Seller shall be entitled to recover from Buyer all of its reasonable expenses and disbursements incurred in the collection of such amount, whether by judgment or settlement, or in the enforcement or collection of any judgment or award rendered therein including, without limitation, costs of investigation and reasonable attorneys' fees.

17. **CAPTIONS.** The captions appearing herein are for convenience only, and shall have no effect the construction or interpretation of the terms and conditions set forth above.
